

## A VERY GOOD PRICE

Obtained By the Digby Oil Company, of This City,

## FOR ITS OHIO WELL AND HOLDINGS.

A Transfer Made Last Night, When the Stockholders Held a Meeting. They Got \$145,000 For the Freedon Well and 1,400 Acres of Oil Leases. The Eastern Oil Company the Purchaser.

Last evening a very important meeting was held at the office of Booth & Digby, the commission merchants, in this city, as a result of which the Digby Oil Company sells to the Eastern Oil Company, of New York, its famous Freedon well, down the river, and 1,400 acres of oil land leases. The well is said to be holding up wonderfully well at 165 barrels a day. Sometimes it makes a little spurt and goes above that, but it does not go lower. One day it put out as much as 225 barrels. It is especially valuable as being beyond former developments, and the 1,400 acres are considered among the most valuable in the field anywhere.

The consideration was stated on good authority last night to be \$145,000. The purchaser, the Eastern company, is understood to be a branch of the Standard concern. The Digby company is said to retain a small part of its holdings. This company is composed of Messrs. George Digby, Frank Booth, Harry Meddel, John Crookard, and Cecil A. Robinson, of Wheeling. J. W. Fowler, J. K. Jolly and W. W. Woods, of Bridgeport, and it will be seen that each comes in for a pretty good "divvy" out of last evening's transaction.

## News From the Fields.

The oil well being drilled on the Smith farm by the Kanawha Oil Company is now down about 1,600 feet, and is expected in to-day. The well is located one-half mile north of Wick and one and a half miles west of the Tom Freedon well.

## Appeals from Tax Decisions.

Last evening the council committee on equalization and appeals held a meeting, but did not look at the assessors' figures, as recently returned. The committee resolved to meet July 15 to consider appeals from First ward property owners, and daily thereafter, giving each ward a day, until all its business is completed. An official notice to this effect appears in the advertising columns this morning. In the meantime the assessors' returns will be open for the inspection of the public.

## Squire Fitzpatrick's Court.

J. W. Watkins made complaint before Squire Fitzpatrick, charging Mrs. Watkins and one John Kreiter with illicit relations. The case was heard yesterday and both dismissed for want of evidence. Mrs. Watkins then made complaint that her husband had threatened to kill her. He was required to give bond to keep the peace, and not being able to do so was sent to jail.

## Cut his Leg Badly.

Yesterday while Fred Kunkle, a butcher employed by Henry Dannenberg, of the Eighth ward, was cutting meat with a large and very sharp knife, it slipped and cut a very bad gash in the inner fleshy part of his leg. The wound was very painful and bled profusely. Dr. Armbricht sewed it up. It required six or seven stitches to close the gash.

## TREND OF TRADE.

R. G. Dun & Co.'s Weekly Review of the Business Outlook.

New York, July 5.—R. G. Dun & Co.'s weekly review of trade, which issues to-morrow, will say:

The mid-summer reports from all commercial centres are of especial interest, covering the questions on which the future of business depends. They indicate distinctly better crop prospects than other official or commercial accounts, a marked increase in retail distribution of products, an active demand for odds and a general enlargement of the working force with some advance in the wages of more than a half million hands. At the same time they show that the rapid advance in prices has somewhat checked the buying of a few classes of products. In some parts of the country the outlook for fall trade is considered bright.

Comparison of prices for various iron products shows an advance ranging from 72.2 per cent since February for wire nails to 7.1 per cent for anthracite pig, and in all kinds averaging 22 per cent. The demand and rise have come so suddenly that even while the first order for shipments of steel billets to Europe, given some time ago, when prices were low, is being announced, the price there has advanced from \$17 in April to \$22.25, or about 31 per cent.

Wool is stronger, both here and abroad, the London sales opened July 2 at higher prices and the average for 104 qualities of domestic wools quoted by Coates Bros., has risen nearly half a cent since June 15. Sales have been enormous though largely speculative, but exceeding those of May and June in any previous year, being 25,897,613 domestic and 27,487,100 foreign, against 24,332,400 domestic and 19,675,150 foreign for 1892. There is a growing order demand for heavy weight wools and many new kinds of light weights have been opened with notable irregularities in prices, some lower and others higher than last year. But the manufacturer is better sustained than last year, and the feeling is very hopeful, and especially as labor troubles have substantially ended.

Prices of cotton goods also continue to advance and the mills are generally well employed.

Speculation has advanced cotton three-sixteenths, though the crop news is favorable, but has depressed wheat two cents in spite of estimates that they have been materially reduced since June 1. Every year the crop reports are having less influence, and the time is ripe for the radical changes in government estimates which the department proposes. The year closes with more than 2,000,000 bales of American cotton available here and abroad, and with at least 65,000,000 bushels of surplus wheat, although some make the quantity 30,000,000 bushels larger. The crop of oats is certain to be large, and the prospects for corn have greatly improved within the last few weeks.

## BUSINESS FAILURES.

During the First Half of the Year Show a Falling Off.

NEW YORK, July 5.—R. G. Dun & Co., say: "There were 6,657 commercial failures in the first half of 1895 against 7,039 in the first half of 1894 and 8,401 in the first half of 1893. These commercial failures involved liabilities of \$88,839,944 this year against \$101,739,306 last year and \$108,804,444 in 1893. Manufacturing failures for the half year were 1,254 against 1,501 last year and liabilities \$45,301,949 against \$41,376,102 last year, and about \$89,000,000 in the first half of 1892. Trading failures for the half year were 5,335 against 5,492 last year and liabilities \$41,069,830 against \$52,945,978 last year, and about \$61,000,000 in 1892. Manufacturing failures were in number .36 of 1 per cent of all manufacturing concerns, against .42 last year, with liabilities averaging \$113 for every such concern, against \$117 last year.

Trading failures were .64 of 1 per cent, of all firms in business, against .64 last year, with liabilities averaging only \$34 for every such concern in business, against \$62 last year. Banking failures, not included in above statements, were 63, with liabilities of \$10,653,276, against 53 last year, with liabilities of \$13,184,461.

The details show a decrease in every class of failures in the second, compared with the first quarter of 1895, both in number and magnitude, and defaulting liabilities averaging \$34, against \$40, for every firm in business, and \$34.04, against \$41.03, for every \$1,000 solvent payments.

## BOSTON WOOL TRADE.

A Spurt in Business—Sharp Advance in Prices.

BOSTON, MASS., July 5.—The Commercial Bulletin will say to-morrow: The brisk buying, particularly by Americans, in the London wool auctions, has advanced prices there to the American level. Sales in this market have again been stimulated. Over twenty million pounds of wool have been sold in Boston in the last fortnight, at an average advance of ten points from the low figure. This is the largest foreign trade business ever done in any American market. There have been no further advance in unwashed western wool, which has, however, sold freely at the last week's advance. Pennsylvania has sold at 12c, an advance of 2c from the lowest. Australian wools and foreign merinos have advanced sharply. Good Port Phillips sixties quality combed, selling at 35c clean, now sell at 40c clean, and even Sidney combed of forty quality has been sold for 37c clean. The sales for the week are 6,999,000 pounds domestic and 3,772,000 pounds foreign, against 607,000 pounds domestic and 3,685,000 pounds foreign last week, and 2,006,000 pounds domestic and 100,000 pounds foreign for the same week last year. The sales to date show an increase of 13,648,859 pounds domestic and an in-

## Indigestion

Yields readily to Hood's Sarsaparilla because it tones and strengthens the stomach and aids digestion by supplying pure blood.

"I had indigestion so badly that I was all run down and could hardly walk. Had no appetite and could not sleep. I began taking Hood's Sarsaparilla, and before I had taken a fourth of a bottle I was very much better. I also used Hood's Pills and found them splendid, very mild, yet effective. I cannot say enough in praise for what they have done for me. Since using two bottles of Hood's Sarsaparilla and Hood's Pills occasionally I feel almost like a new person. I have a splendid appetite, sleep well and work with ease." ANNE C. LANTA, Belleville, Pennsylvania.

## MANY DEMANDS

Made by the Kentucky Populists in Their Platform.

LOUISVILLE, KY., July 5.—The state convention of the Kentucky Populists met in its second day's session at 8 o'clock this morning. A platform reaffirming the Omaha platform was adopted, and demands as follows:

Free and unlimited coinage of silver on a 16 to 1 ratio, without asking the assistance of Great Britain.

That the national banks be abolished, and the national government issue legal tender notes for silver.

That the addition to the national debt by interest-bearing bonds be stopped. The recent Democratic issue of bonds, which were sold to the Rothschilds, is declared an infamy.

A demand that the party of legal tender money be maintained.

A demand that it be unlawful for Congress to stipulate any one kind of money in payment of debts.

A demand for an amendment to the United States constitution to provide for an income tax.

It declares that they view with alarm the recent acts of the courts in regard to the bank tax, and trusts that the will of the people will be sustained by a reversal of these decisions.

A demand that the book trust be crushed.

It demands intrenchment in every part of the government.

## A BLACK EYE

Given the Son Line in the Christian Endeavor Arrangements.

CHICAGO, July 5.—The Boston Terminal lines to-day took a hand in the fight over the arrangements for the Christian Endeavor convention, and the result is such as to give the "son line" and all others who have been stepping on toes return limits to the "son line" as a very black eye.

Decided in a special session of the limits for Christian and Christian Union to be by strictly enforced regardless of any printed or promised conditions made by concerning lines to the contrary. Round trip tickets for these conventions will only be accepted by the terminal lines for the going passage from July 6 to 12, inclusive, and the return portion will be accepted only from July 11 to 31 inclusive.
